# MINERAL EXPLORERS INSURANCE

***“There has never been a better time to review your Explorers Insurance.”***

## **It's Risky At The Top!**

The current insurance market is beginning to harden in response to a highly litigious business environment.

Your Directors and Officers are in a position of responsibility and can face allegations and claims for which they may be personally liable.

***“It is becoming increasingly common for allegations of wrongful acts to be made against Directors and Officers and the costs alone of defending these allegations can be significant, even if the case doesn't reach court. This leaves directors and officers personal finances at risk.”***

This is where we deliver.

We provide peace of mind for your Directors and Officers with broad coverage, extensions to cover and best value premium dollar.

## What this means for you

With a hardening insurance market, this will result in;

Reduction in the number of Insurers offering Directors and Officers Liability for Mineral Explorers (Less competition)

Increased Premium

Reduction in Coverage

Possibly Declinature of Cover

## Choose Us

We understand the risks and intricacies of Mineral Exploration companies and have founded a strong relationship with financially secure, market leading Insurers who can compete to provide you with a comprehensive insurance solution tailored to your needs.

***“We are experienced, mining focused specialists who provide a seamless solution covering all your risks”***

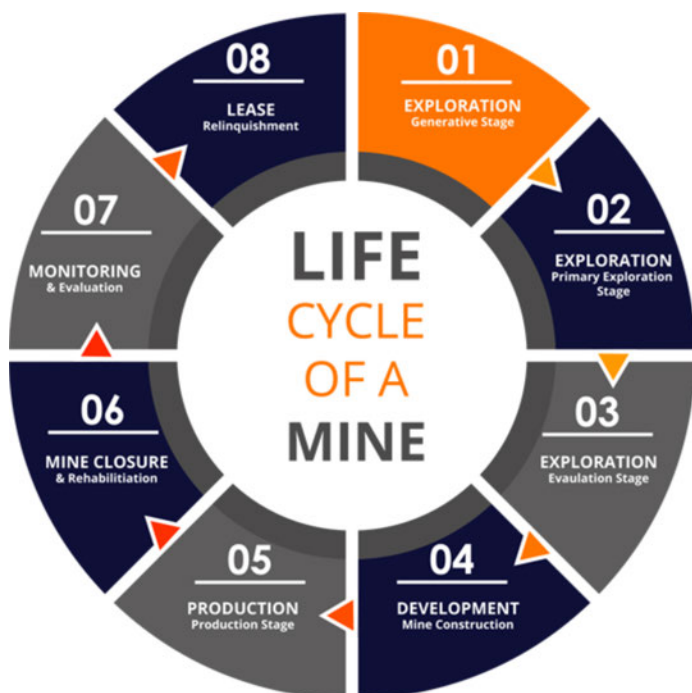

- Directors and Officers Liability
- Public Liability  
(including Local and Overseas Covers)
- Corporate Travel  
(including Kidnap & Ransom cover)
- Expatriate / Inpatriate
- Property (Both Static and Mobile Equipment)
- Workers Compensation (including Local Overseas Employers Liability)

- Commercial Motor Vehicle
- Marine Transit (including re-drilling costs of core samples)
- Personal Accident & Sickness

With our trusted network of Insurers and wholesalers we provide International and Domestic solutions from the simple to the more complex company requirements. We provide an in-house claims service with an experienced and dedicated claims manager.

By premium pooling classes of insurance with market leaders we create benefits of facility style business, without your individuality being affected by the claims of others.

***“We are able to take you and your insurance program through the evolutionary mine life cycle.”***

## Why Wait?

Insurers and Facilities are already beginning to feel the impact of the constricting market for which we are prepared.

We will provide you with options ahead of your expiry date negating the possibility of your Company being left with restricted cover at a high premium or no cover at all.

***“Contact us today for an insurance review and D&O check up with our mineral exploration specialists.”***

## AVISO MINING TEAM

### **Rob Evans – BA MBA - Senior Manager**

Rob has over 30 years experience of managing large property, casualty and professional lines insurance programs. Rob has worked in the Australian insurance market for the past 15 years and prior to that spent two years in London as coordination and service broker for BHP Billiton.

### **Terina Mathews – Senior Account Executive**

Terina has 17 years experience beginning as an underwriter prior to becoming a Certified Insurance Professional within the Broking sector. Terina has worked in Mining and Construction, managing a diverse portfolio of Mineral Explorers, Mining, and Services to Mining clients.

**Dean Williams – Senior Account Executive**

Dean has over 16 years of insurance industry experience, the majority of which has involved the servicing of large multinational corporate accounts.

**Justin Purslowe – BCom - Account Executive**

Justin has a Bachelor of Commerce at the University of Western Australia. In 2015 Justin joined the insurance industry and the Aviso team. Justin has completed his Tier 1 & 2 accreditations in insurance broking.

**Jonathan Ross – BDes Account Executive**

Jonathan is a qualified general insurance broker since 2015. His qualifications include a degree in Architecture and integrated design from the University of Western Australia, Certificate III in Information and technology as well as both Tier 1 and 2 accreditations in insurance broking.

**Lisa Paul – Assistant Account Executive**

Lisa's industry experience, spanning more than 13 years allows her to provide support to the Aviso Mining team through daily management of accounts. Lisa has completed her Tier 1 & 2 accreditations in insurance broking.

# ABOUT AVISO GROUP

Aviso Group Pty Ltd comprises six private insurance brokers across five states who joined forces to create a national broking group. The formation of the Group was led by management, along with private equity firm Envest which holds minority interests in the six businesses.

Aviso stands for Advice and Vision because as a Group we provide a national and personal alternative to traditional broking groups – a local touch with the strength of a national Group. Our goal is always to maintain local independence and the close relationships our brokers have with each of their clients.
